OFFICE ORDER

Despite repeated instructions issued by this University from time to time, it has been observed that some of the university employees including teachers/ scientists are still exerting external political pressure/influence on the University authorities regarding their transfers/shifting and other service matters. This practice on the part of said officer/teacher/employee has been viewed seriously by the Hon'ble Vice-Chancellor. The attention of all employees is accordingly drawn to the provision of Statute 8.1 (14) of the Statutes of this University which clearly provides that "No employee shall bring or attempt to bring any political or other influence to bear upon any higher authorities/officer to further his/her interests in respect of matters pertaining to his/her service in the University". In order to curb this practice, all the employees of this University are directed not to use any political or other influence in furtherance of their interests in respect of matters pertaining to their service in the University. If any employee is found guilty of violating of these instructions, he/she will be dealt with severely under Statutes 8.1 (14) and provision laid down in Central Civil Services (Classification Control and Appeal Rules)/Conduct Rules.

All the Controlling Officers are requested to bring these instructions to the notice of employees including teachers/scientists working under their control for strict compliance. While getting these instructions noted from the employees working under their control, the signatures of these employees alongwith their names may be obtained and intimated to this office. It may also be noted that any laxity in this regard would attract strict disciplinary action against the concerned officer/official.
